SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication

TECH SKILLS

- C
- Python
- Java
- C++
- Web Development
- HTML,CSS,Java script

LANGUAGES

- English
- Telugu
- Hindi

PROFILE

I am a passionate and dedicated Computer Science Engineering student currently pursuing my B.Tech at Avanthi St. Theresa Institute of Engineering and Technology, under JNTUGV (R20 regulation). With a strong academic foundation and a keen interest in programming and problem-solving, I have built projects using Python, HTML, CSS, and JavaScript. I have also completed an internship in Python development and a certified course in Machine Learning. I am eager to apply my technical skills, grow through hands-on experience, and contribute to innovative tech solutions.

EDUCATION

Bachelor of Computer Science Engineering 2022 - 2026

Avanthi st theressa institute of engineering and technology|
Wardiere University
percentage: 75% (scored in past semesters)

Ap model college

2020 - 2022

Intermediate MPC group(mathematics ,physics, chemistry)

Percentage: 94%

PROJECT

Built personal Portfolio

Designed and developed a personal portfolio website to showcase my skills, projects, and resume.
Used responsive design techniques to ensure compatibility across device

Technologies Used: Html,css

Built an AI-chatbot

Built an AI chatbot using the Google API keys.it can read the image and can explain it.It do text generation what ever text we have asked.

Technologies Used: html,css,python

INTRENSHIP

Python Development Intern.

AUG 2024 - SEP 2024

Tech OCTANET Services Pvt Ltd

Gained practical experience in Python programming and basic application development.

Worked on real-time tasks, enhancing logical thinking and coding efficiency. Collaborated in environment and completed weekly web assignments

Currently working as a intern in kar international infotech
